LR 5

the body. That concern that Senator Robak brought, concerning about the cost, it's actually...there would no be...not be any difference in cost. Also, we're seeming to think that we're adding days to the session. We are not adding any days, we are just trying to make more efficient use. Yes, we could have a rule change, but it still would not be as effective as starting this time. And I guess if people are concerned about spending their whole month of December, I mean, I think that's entirely up to the senator. I cannot foresee that...that this would be the fifth Monday, in December, which is very early in the month. So actually, it would not involve additional time, I do not believe. So, I am again standing in support of LR 5CA. I think that there are certain advantages. As I mentioned before, in 1975, 1985, the public does...is supportive of the measure by 49.5 percent in the last election. So I think that they should have the opportunity to give their approval to this constitutional amendment. Thank you.

PRESIDENT ROBAK: Thank you, Senator Stuhr. Senator Schellpeper. Senator Landis.

SENATOR LANDIS: Question!

PRESIDENT ROBAK: The question's been called. Do I see five hands? I see five hands. The question before you is, shall debate cease? All those in favor vote aye; all those opposed vote nay. Have you all voted? Senator Landis.

SENATOR LANDIS: Um-m-m.

PRESIDENT ROBAK: Yes, Senator?

SENATOR LANDIS: I'm just reflecting on whether I should have a call of the house to scare up those last two votes or whether I should just sort of proceed, but it looks like...let's do this: A call of the house, and then I'll accept call-in votes as people come back.

PRESIDENT ROBAK: There's been a request for a call of the house. All those in favor vote aye; all those opposed vote nay. Please record.
